

Best Practices in Revolving Fund

1. Patacharra Joint Forest Management Committee (JFMC) under Udaipur Sub-Divisional Management Unit, Tripura had sold firewood worth Rs. 57,000 from their Project area in the last few months. On 3rd November 2015, the Members of this JFMC taking Resolution in their General Body Meeting have distributed themselves Rs 500.00 each to 89 Families of the JFMC (Rs 44,500). The balance amount of Rs. 12,500 has been deposited in the Revolving Fund (Village Forest Development Fund Account) of the JFMC.

2. Purbagarjeechara JFMC under Udaipur Sub-division has also collected an amount of Rs 21,000 through sale of firewood. They have deposited the entire amount to the VFDF account which will be utilized for development of JFMC at a later date.

Taking inspiration from these examples, surrounding JFMCs are also taking keen interest in such activities for developing Revolving Fund in their JFMCs by collecting/harvesting Non-Timber Forest Produces (NTFP) leading to their sustainability beyond the Project Period. This is one of the best practices of the Project.
