## Crafts & More

*Income Generation Activities (IGA) through development of sustainable livelihoods based on bamboos and other Non-Timber Forest Produces (NTFP) is one of the major components of the Project. Towards this, the Project has been developing artisans in various crafts viz. Bamboo-Jewellery, Bamboo-Furniture, Bamboo-Turning Products, Bamboo-Basketry, Bamboo-Mat-based products, Handloom and Terracotta etc. The Project has also setup Mini CCFCs, where the trained artisans are facilitated to work. The Project has now lunched a brand name and trademark “Crafts & More” as shown here and all the products manufactured by the Project’s artisans will be sold with this same brand name & trademark.*
